

OCCUPATIONAL HEALTH AND SAFETY POLICY

As Akon Hydraulic Valve, we design and manufacture hydraulic valves that are preferred at home and abroad in the mobile hydraulic sector.

Our responsibility for OHS ;

- In order to ensure the health and safety of employees, subcontractors, visitors and our company personnel working outside the workplace, to take all kinds of measures in accordance with the OHS legislation in force and other requirements related to OHS, to have tools and Personal Protective Equipment and to ensure that they are used when necessary,
- To identify the risks that may cause occupational accidents and occupational diseases in the workplace, to ensure the health, safety and social welfare of employees, visitors and subcontractors at all levels, to reduce all kinds of material and moral losses that may arise in the future for themselves and their families
- To identify and eliminate unsafe situations and movements that may cause occupational accidents and occupational diseases in the workplace and its annexes, and possible accident risks in advance by conducting an effective risk assessment,
- To train our employees in the field of occupational health and safety and to ensure that they achieve a good occupational health and safety awareness,
- To ensure that subcontractors and visitors serving in the workplace comply with the rules regarding occupational health and safety set by our company,
- Considering the development of the industrial world, to predict the possible situations that may be encountered in the future from today, to continuously improve and to review our situation,
- Ensure safe and healthy working conditions to prevent work-related injuries and ill health,

To measure our performance in occupational health and safety, to eliminate hazards and to make continuous improvement to reduce risks,

- Ensure consultation and participation of our employees,
- We are committed to fulfill all our employees, suppliers and visitors by raising awareness about OHS and ensuring their safety.
- In our activities, people are our most valuable asset. With this vision, we accept the activities we have undertaken above as the basis of our Occupational Health and Safety Policy.
